JOHNSON LEADS MICHIGAN RACE

Late Returns from 334 Out of 2,421 Precincts Give Johnson 19,237, Wood 13,111

WOOD FORCES HOPEFUL

Returns from Upper Peninsula Where General Was Strongest, are Scattering

Detroit, Mich., April 5.—Three hundred thirty-four precincts out of 2,421 in the state give: Republican — Johnson 19,237; Wood, 13,111; Lowden, 6,708; Hoover, 6,335; Pershing, 1,527; Simpson, 472; Poindexter, 302.

Two hundred twenty-one precincts give on the Democratic ticket: Hoover, 1,735; Edwards, 1,678; McAdoo, 1,477; Bryan, 1,299; Palmer, 940.

Eighty-nine precincts out of 366 in Wayne county (Detroit) give: Republican—Johnson, 12,679; Wood, 2,705; Lowden, 2,088; Hoover, 2,019; Pershing, 579; Simpson, 318; Poindexter, 119.

Ninety-four precincts in Wayne give: Edward, 1,576; Hoover, 931; McAdoo, 797; Palmer, 572; Bryan 571.

Early Neck and Neck Race.

Detroit, Mich., April 5.—A neck and neck race between Major General Leonard Wood and United States Senator Hiram Johnson for endorsement as the Republican nominee developed in early returns from today's Presidential primary. With only scattering returns available at 10:30 to night the bulk of them from rural districts, Wood held a plurality of 542 over the California senator.

The figures from 174 precincts out of a total of 2,421 in the state were: Wood 6,937, Johnson 6,431. Governor Lowden was running third with 3,690 in the same precincts. Herbert Hoover was following Governor Lowden closely with 2,972.

At the same hour, only 94 precincts had reported returns on the Democratic race. Mr. Hoover, whose name also appeared on this ticket, was leading William J. Bryan 553 to [illegible] for first place. Governor Edwards of New Jersey was third with [illegible] and former secretary of the treasury McAdoo followed with 415. Attorney General Palmer, the only Democratic candidate to make an active campaign, was fifth, with 323.

Wood Strong in Country.

Early returns indicated that Major General Wood was showing his greatest strength in the rural districts. He held a commanding lead until returns began coming in from the industrial districts. In Genessee county (Flint) Johnson led Wood two to one in the early figures. Later reports in Wayne county (Detroit) showed 71 precincts gave Johnson 9,358 against 1,926 for Wood. Partial returns from Saginaw county also showed Johnson running strong.

Returns were coming in slowly from the upper peninsula where General Wood supporters claimed he would receive a heavy vote.

The reports available tonight indicate that the vote in the rural districts today was extremely light, due mainly to the effect of the Easter storm, which left country highways piled high with snow in many places.

Wood Has Early Lead.

Detroit, Mich., April 5. — Scattered returns from 91 rural precincts out of 2,421 in the state give: Republican—Wood, 3,514; Johnson, 2,325; Lowden, [illegible]; Hoover, 1,014; Pershing, 226; Simpson, 41; Poindexter, 17.

Democratic—Hoover, 169; Bryan, [illegible]; McAdoo, 159; Palmer, 118; Edwards, 105.

Senator Hiram Johnson led in Wayne county (Detroit) on early returns. Fourteen precincts out of 366 in the county gave: Republican—Johnson, 1,034; Lowden, 374; Wood, [illegible]; Hoover, 186; Pershing, 92; Simpson, 25; Poindexter, 16.

On the Democratic ticket 13 precincts in Wayne showed: Bryan, 139; Edwards, 115; Hoover, 95; McAdoo, [illegible]; Palmer, 48.

BLACKLIST RAIL BOAT WORK

Marine Workers' Chairman Declares Cars Will Be Blocked Up as Far as Mines.

New York, April 5. — Union leaders in the strike of New York harbor employes, which since Thursday has interrupted operation of railroad owned tugs, lighters and ferries tonight announced that longshoremen, freight handlers and checkers "have blacklisted railroad boat work."

"Within two days railroad cars will be backed up clear to the mines," said William A. Maher, acting chairman of the marine workers. "Railroad terminals are piled high with congested freight. Only 11 of 260 railroad tug boats in the harbor are working and five of these are Lackawanna boats, a company which is not unionized."

J. J. Mantell, of the Railroad Managers' association, reiterated that "the managers are perfectly satisfied with the situation, which is improving hourly." He said he probably would have an important statement to make today.

BRITISH EXCHANGE UP ANOTHER EIGHT CENTS

French, Italian and Other European Remittances, However, Remain Unchanged

New York, April 5. — A further rally of almost eight cents in British exchange was the outstanding feature of today's international market.

The recovery was surprising to many because of the possible complications arising from the Franco-German situation but this was offset by anouncement of supplementary gold imports.

Demand bills on London rose to $4.06¾ and cables to $4.08 in the course of the day, but these were shaded to $4.01¾ and $4.02¼, respectively, after the close of the stock market.

At their maximum, the London rates were about ten cents over last week's best and almost 90 cents over the low of February 4, when demand on London fell to $3.18 to the pound. Today's quotations are in fact the highest since the latter part of last November and were interpreted as bearing testimony to Britain's recovery of her overseas trade.

French, Italian and other European remittances were not disturbed by the day's news, but dealings in all but British exchange were relatively nominal.

FIND MISS DEKAY DEAD NEAR WHERE LAST SEEN

Lake Michigan Gives Up Body of Protege of Miss Jane Addams, Long Missing

Chicago, Ill., April 5. — The body of Jeanne Anna DeKay, 20 years old, protege of Miss Jane Addams, whose disappearance from Hull House on December 30 was followed by a national search, was found today in Lake Michigan near the municipal pier.

Mrs. Gertrude Howe Britton of Hull House identified the body. Except for a coat and hat which were missing, the clothing on the body was the same as Miss DeKay wore when she disappeared. A scar on the left temple and smallpox marks under the eyes assisted in the identification.

Mrs. Britton said she was convinced the girl had committed suicide. No evidence of violence was found on the body. Coroner Hoffman said the body had been in the water three months.

Miss DeKay was the daughter of John Wesley DeKay, wealthy packer, now residing in Switzerland. She was sent to Chicago by her father soon after her graduation from a London boarding school. She arrived at Hull House last December to assist in work among the poor under Miss Jane Addams' direction.

ORCHESTRA PIT FORT FOR PURSUED BANDIT

Kills One Officer, Wounds Three, While Holding Fifty Men at Bay

St. Louis, Mo., April 5. — At bay in the orchestra pit of a vacant theatre, with the theatre surrounded by 50 men, a bandit killed one officer, seriously wounded three others and himself was killed after he had held up and robbed the Easton-Taylor Trust company of $20,000 here late today. A fourth policeman was wounded by a bullet from a fellow officer's revolver.

Fifteen patrons were in the bank when the robbers entered, carrying a revolver in each hand. Herding the patrons and employes into a private room, he began firing and obtained the money from the cashier. He escaped to an adjoining theatre which was unoccupied and for 20 minutes maintained a battle with the police.

The police declared the man's conduct indicated he had become crazed from drugs. The money was found concealed in his clothing. His face was shot to such an extent that officials believe identification impossible.

DENIES HARRISON NEW TRIAL

Alleged Murderer of George J. Griffiths, Consequently Will Be Electrocuted Thursday.

New York, April 5.—Supreme Court Justice Weeks today denied a new trial to Richard Harrison, awaiting electrocution Thursday for the murder of George J. Griffiths, an invalided Canadian soldier. Thereupon counsel for Harrison started out to find Governor Smith with the object of obtaining a reprieve.

Griffiths had an enviable record with a Canadian regiment overseas. He was in this city recuperating from his wounds when a club, at which he was stopping, was held up by Harrison and four of his gang. When the police intervened, rapid firing began and Griffiths was killed.

Harison was arested and indicted for murder. He made a sensational escape from general sessions court on October 4, 1915, when about to be arraigned on the indictment. Six weeks later he was captured in Newark, N. J. He is now in Sing Sing.

STRATTON BARES SLUM FINDINGS

Pastor of New York Calvary Baptist Church Personally Investigates Great White Way

'WET' REVELRY COMMON

Federal Prohibition Officers Admit Conditions and Handicaps as Well

New York, April, 5. — Charges that wet revelry reigned nightly along New York's "Great White Way" made in a sermon Sunday by Rev. John Roach Stratton, pastor of Calvary Baptist church was not news to United States prohibition enforcement agents here, James J. Shevlin, federal prohibition enforcement officer, commented tonight.

Rev. Stratton declared he made a personal investigation of vice conditions and found that cocktails, highballs and whiskey straight were sold freely, and that the "hoochy-koochy," the "shimmy shake" and the "cheek to cheek" were danced openly in various cafes and cabarets.

"We know stuff is being sold in cafes and cabarets along Broadway," Mr. Shevlin said, "but the fact is, it is very difficult for us to get evidence. We welcome information and evidence from anyone. I migh say that Dr. Stratton didn't tell us anything we didn't know."

Many Permits Revoked.

Eight permits had been revoked in the last 10 days, he said, for violation of non-alcoholic beverage regulations.

In announcing Dr. Stratton would testify before the vice grand jury Thursday, District Attorney Edward Swan said:

"We have invited the Rev. Gentleman to come here and tell the grand jury all he knows about any violations of the law. If he has any evidence of a crime having been committed, we will ask the grand jury to indict and we will prosecute any indictments found."

Dr. Stratton says his statements are supported by affidavits covering in detail the facts his tour revealed to him, and that he stands ready to go before the grand jury and help in any way he can to remedy the evils he discovered.

"The vice conditions in this city at the present time are probably worse than they ever have been," says Dr. Stratton. To back up this assertion he gives the names and addresses of well known restaurants, mostly in "the White Light district, where he says he was able to purchase liquor without difficulty and where disorderly women ply their trade openly.

Cites Appalling Conditions.

"The spectacular sight of commercialized vice has been in part eliminated," he says, "but the increase in clandestine prostitution is appalling. The youth of the entire city is now constantly menaced because of these places of resort often are labeled 'restaurants' and 'cabarets,' but are really traps to ensnare the unwary. They are doorways to the underworld.

"There is a refinement of environment, of methods, the higher up the scale one goes, and yet it is true that reaching up to even the great hotels public women are plying their trade. Respectable women now dance on the same floors with professional prostitutes.

"New York, if she is ever redeemed, will have to learn the lesson that the mere gilding of vice does not change its pernicious character."

LANDLORDS LOSE FIRST BOUT

Thousands of Renters Jam Municipal Courts in Bronx and Brooklyn at Eviction Hearings.

New York, April 5. — New York landlords lost the first round today in the battle being waged between tenants and rent gougers, when the new anti-rent profiteering laws were given their first court test. More than 3,000 men and women crowded municipal courts in the Bronx and Brooklyn to appeal in 500 eviction notices and rent increase cases. In every instance tenants were granted from one to three months stayovers when they proved their inability to find new homes. In a majority of cases landlords have served notices effective April 1 and May 1.

In Brooklyn, Municipal Justice Ferguson collected more than $1,000 in rentals from tenants after landlords had refused to accept amounts thought fair by the courts. Other justices collected large amounts.

LEGISLATURE ESTABLISHES NEW MONDAY NIGHT RECORD

Albany, April 5. — The senate and assembly were in session less than five minutes each tonight, which established a new short-time record for Monday evening sessions.

The absence, virtually of all legislators, except those in trolleying distance from Albany, on account of tomorrow's spring primaries, was responsible for the lack of attendance and work. Tomorrow's session will be purely perfunctory, but Wednesday will find perfunctory, but Wednesday days and plenty of work.

FRENCH IN FRANKFORT TO UPHOLD ARMISTICE

Latest Advance Into German Territory, However, Does Not Concern American Forces

Mayence April 5. — The French troops will occupy Frankfort early tomorrow morning. Some detachments already have started.

It is advanced in some well informed quarters that occupation of Frankfort, Darmstadt, Homburg and Hanan is not likely to exercise sufficient pressure upon the Germans, since they may well argue that this occupation is distasteful to the French as well as to themselves, and cannot continue indefinitely. On the other hand, the expense of the operation comes up as a vital question in the present state of French finances. This morning's newspapers recall war tributes imposed by German troops upon French and Belgian cities and suggest similar measures being applied to German cities occupied by French troops.

No censorship has been established here on news of the intended operation, but since the matter now is entirely in the hands of Marshal Foch, communications from the army will probably be surrounded with the usual precautions, although the operation is not considered on a basis of war.

The latest information reaching the foreign office confirms its belief that, despite the assurance officially given by the Germans that only very limited troops had been sent to the Ruhr, in reality the number amounts to an army of 40,000 men.

All information from the country bordering on the Ruhr basin, it was said at the foreign office today, tends to prove there was no necessity of sending an army into the Ruhr, as the workers and Communists were exhausted and without money, food or ammunition.

American Troops Not Affected.

Coblenz, April 5. — The position of the American forces in Germany with reference to the Allied attitude and possible action growing out of the present situation depends entirely upon direct orders from President Wilson. The American army authorities are keeping in close touch with all developments for information, but their direction is in the hands of Washington.

The American authorities say they interpret the policy outlined by President Wilson toward the German situation to mean that the American forces on the Rhine are concerned directly only with affairs bearing on the American occupied area, in which Major General Allen, commander-in-chief of the occupational troops, holds full authority for the protection of American interests.

AFTER TWO CENT FARE ON NEW YORK CENTRAL

Bill Based on State Law Stipulations Is Introduced in Legislature

Albany, April 5. — A resolution requestin gthe attorney general of the state to institute proceedings against the New York Central Railroad company for the purpose of forcing it to reduce its passenger fare rate to two cents a mile was introduced in the assembly tonight by Assemblyman Louis A. Cuvillier, Democrat of New York. It was referred to the judiciary committee.

The preamble of the resolution recites that while operating under federal control, the railroad was allowed by the director of railroads to raise its passenger rates from two cents to thre cents a mile "as a war measure," not withstanding any statutory provisions to the contrary and since its return to private control the railroads have continued to charge three cents a mile, although the railroad law of the state stipulates that the New York Central shall not be permitted to charge a rate exceeding two cents a mile. It is also stated in the preamble that the "continued exaction of a three cent rate of fare imposes a hardship upon thousands of working people who are obliged to use its transportation facilities daily."

PREDICT BREAK IN RANKS OF INSURGENT SWITCHMEN

Chicago, Ill., April 5.—A break in the strike of several thousand "insurgent" switchmen in the Chicago switching district was predicted tonight by A. F. Whitney, vice president of the Brotherhood of Railway Trainmen, who said that several hundred union switchmen from many points in the middle west arrived today to take the place of strikers and that others would arrive tomorrow.

The Brotherhood of Railway Trainmen with which the railroads affected have working agreements have declared the strike illegal and is cooperating with railroad officers in efforts to bring about a resumption of work.

JAPANESE CONSUL KILLED.

San Francisco, April 5. — Japanese Vice Consul Ishida has been killed by the Bolsheviki at Nikolaevsk, Eastern Siberia, according to cable advices received by The New World, a Japanese language newspaper, here today.

JAIL CENTRALIA I. W. W. SLAYERS

Seven Men are Sentenced to from 25 to 40 Years in State Penitentiary

NEW TRIAL IS DENIED

All Were Convicted of Murder of Walter O. Grimm, Armistice Day Parade Victim

Montesano, Washington, April 5. — The seven men convicted here March 13 of second degree murder for the slaying of Warren O. Grimm, Centralia Armistice day parade victim, were sentenced to not less than 25 years nor more than 40 years each in the state penitentiary by Judge John M. Wilson, after he had denied a defense motion for a new trial.

Judge Wilson said he could not pay attention to the jury's plea for leniency for Edward Barnett and John Lamb, in the light of evidence which was submitted. He said he regarded the cases against all the men as identical.

Loren Roberts, whom the jury found insane, was ordered sent to the criminal insane ward at the state penitentiary.

The seven men sentenced to from 25 to 40 years are: C. C. Bland, Bert Bland, John Lamb, Eugene Barnett, James McInenery, Ray Becker and Britt Smith. The defense attorney took exception to the sentence and gave notice of appeal.

The victims of the shooting for which the seven men were sentenced were all Centralia residents and former service men: Grim, a lieutenant and former University of Washington foot ball star; Ernest Dale Hubbard, shoe dealer; Arthur McElfresh, druggist, and Ben. Casgranda, bootblack.

In the investigation many eye witnesses said the first shooting was begun without warning or provocation by those inside the I. W. W. hall. Some said the firing began from the hall after a single shot from the Avalon hotel, opposite the hall.

At the coroner's inquest, Dr. Frank Bickford, Centralia physician and former service man, who was marching in the parade, testified that the shooting began only after the marchers started to rush the hall.

Wesley Everetts, said to have been an I. W. W. organizer, and the slayer of Hubbard, was spirited away from the jail in the night following the shooting, the electric lights of the town having been cut off. He was taken by a mob to a bridge over the Chehalis river, where he was hanged.

Sentence Five I. W. W. Rioters.

New York, April 5.—Convicted of charges growing out of the longshoremen strike at the Bush terminal docks in Brooklyn last October, five men, all carrying I. W. W. cards, when arrested, were sentenced in Kings county court today. It was charged that the men attacked union men when the latter returned to work after settling the strike.

Giacomo Mangrapone, found guilty of rioting, was sentenced to Sing Sing prison for from two and one half to five years. The others, who pleaded guilty to unlawful assemblage, were sentenced to the city prison and penitentiary.

"An unqualified respect for law and order," said Judge McDermott, in sentencing the men, "has to be maintained in our industrial life as well as in our social life if the lawlessness of anarchy is not to be allowed to remain."

STUTZ SITUATION FIRM BUT HOPEFUL AT THAT

Obligations to Meet Contracts Expiring at Ex-Dividend Period Waived

New York, April 5.—The situation in the Stutz Motor case created by last week's ruling of the stock exchange suspended dealings in that issue, remained in a state of deadlock today.

According to the announcement of the law committee of the exchange and confirmed by the governors, the shorts in Stutz were absolved from any obligations to meet contracts expiring today when Stutz sold ex-dividend of one-fifth of a share.

Application to list 20,000 shares of extra stock of the company, declared by the directors recently, was made in the usual form to the stock exchange committee on listings, but it is not expected that action will be taken in this connection until an understanding is reached between the exchange and the Stutz interests.

Although all parties to the controversy declined to make any statements, it was persistently reported today that conferences looking to a settlement of the matter, were in progress.

ENTER RUHR REGION.

Dusseldorf, April 5. — The advance of the Reichswehr in the Ruhr region continues and Oberhausen, Dortmund and Luedenscheid were occupied today. Only a few hundred Communists offered resistance to the occupation. Communications with the occupied towns have been cut off.

MINERS ARE OPPOSED TO COAL WAGE AWARD

Walkouts in Protest Are Reported from Kansas and Illinois Bituminous Fields

Pittsburgh, April 5.—Alexander M. Howatt, president of district number 14, United Mine Workers of America, announced tonight that between 1,500 and 2,000 miners in Crawford and Cherokee counties, Kansas, struck today as a direct protest against the recent wage awards of President Wilson's coal commission. Mr. Howatt characterized the award as an "outrage." He asserted the strike was purely voluntary on the part of the miners.

Springfield, Ill., April 5. — Dissatisfied with the advance given them by the wage contract signed by the general scale committee of coal operators and miners of bituminous fields at New York March 31, company men in a number of down-state Illinois mines refused to work today.

Pittsburgh, Pa., April 5. — Two thousand miners employed in the Kansas coal fields are on strike today, it was announced this afternoon. The new Kansas court of industrial relations is scheduled to begin a general investigation of the mine situation here tomorrow morning.

Dissatisfaction with the award of the national coal commission is given by union officials as the cause for the extensive idleness of miners. The miners are said to be dissatisfied with the award of the commission on dead work, wages, automatic penalty, cost of supplies and working conditions.

SEEK BILLIONS MORE TO CLOSE RAIL WORK

Congress Is Formally Asked for Funds to Wind Up Federal Administration

Washington, April 5. — Congress was asked formally today to appropriate $420,727,341 to wind up the affairs of the railroad administration.

In requesting the fund, Walker D. Hines, railroad administrator, placed the loss resulting from the government's experience in federal control at $906,478,756. In addition, the government has $966,803,836 owed it by the roads, the money having been advanced for operating expenditures and betterments. Ultimately this fund will be repaid.

Mr. Hines explained that no allowance had been made in his request to cover any claims the roads might have against the government for maintenance of the lines because the net amount for this purpose could not yet be estimated.

Before the carriers were returned to private operation last March 1, congress appropriated $1,450,000,000 for the expenses of the railroad administration, and the new request to liquidate its affairs would bring the total appropriation to $1,870,727,341.

ALL KNOWN TONGUES FAIL TO MAKE STOWAWAY TALK

New York, April 5. — All the living languages and various dialects thereof, in spoken and written form, and in the deaf and dumb alphabet were tried at Ellis Island today in an unsuccessful effort to learn a stowaway's name.

Russian, Chinese and Arabic were as useless as Turkish, Italian, French, German and English. The man didn't even wince. He was labeled John Doe and ordered deported to Italy, from whence he came. Officials said that never before had they failed to establish some sort of a line of communication with an immigrant, and the man must be shamming.

LOWDEN WOULD PUBLISH HIS CAMPAIGN ACCOUNTS

Washington, April 5. — Louis L. Emmerson, secretary of state of Illinois and manager of Governor Lowden's campaign committee conferred today with Senator Borah, who recently had criticized alleged excessive campaign contributions and later announced that the governor stood erady to make public a complete record of his expenses provided the same information was furnished by other candidates. Senator Borah said that Governor Lowden and his managers agreed to submit their books, vouchers and other data dealing with contributions and expenditures, if Major General Wood and others authorized similar publicity of their accounts.

REICHSWEHR TROOPS ACTIVE.

Essen, April 5. — The Reichswehr have occupied Horst on the Emscher river and are expected to reach Essen tonight. Radical Reds from Alten are rallying here and reinforcing the elements which are determined to resist the Reichswehr. In Essen, as in Duisburg, Mulheim and Oberhausen before the troops arrive there is complete quiet but it is generally believed the radicals will certainly make an attempt at resistance.

WARNING ISSUED TO IRISH PICKETS

Government Moves to End Continued Annoyance to British Embassy in Washington

ARRESTS ARE IMMINENT

Sympathizers With Movement for Irish Republic are Cautioned Against Demonstrations

Washington, April 5. — The federal government moved to day to put an end to the picketing of the British embassy which was renewed this morning by women sympathizers with the movement for an Irish republic.

United States District Attorney Laskey informed Matthew O'Brien, counsel for the women, that if his clients persisted, they would be prosecuted under a federal statute which makes the offering of an insult to a diplomatic representative of a foreign government or to the official resident, a felony punishable by a penitentiary sentence.

Simultaneously Mr. Laskey communicated his decision to the District of Columbia commissioners, who instructed the police to arrest the women after warning them. Captain Doyle and two policemen were sent to the embassy in a patrol wagon and found Mrs. Mary Walker of Astoria, L. I., and Miss Mollie Carroll of New York, carrying banners on the sidewalk.

Captain Doyle informed the banner bearers that unless they left in 15 minutes they would be arrested under federal statutes, but they refused td depart. After they had been taken to police headquarters and held for half an hour they were released on orders of Mr. Laskey.

The district attorney explained subsequently that the police had acted before Mr. O'Brien had had time to notify his clients of the government's decision.

An hour before the police intervened Mrs. Sophie Stanton and Mrs. Hattie Larkin of this city, attacked two pickets who had preceded Mrs. Walker and Miss Carroll and were arrested on charges of "disorderly conduct." They were released upon depositing a cash forfeit of $25 each.

Mrs. Walker and Miss Carroll were not replaced at the embassy after the police took them away and leaders of the movement would not say what were their plans for tomorrow.

When the picketing, which was started last Friday, was resumed this morning, Mrs. James Walsh of New York, a leader of the women, said it would be continued "indefinitely," irrespective of any action by the police. This, however, was before the government had decided to proceed under federal statutes.

HINTS WILSON FAVORS SOCIALIST ACTIVITIES

Congressman Fess, Ohio, Also Points to Partiality to Soviet Plan

Providence, R. I., April 5. — Condemnation of the "marked socialism of President Wilson" and warning against the "trend toward nationalization of industries as sugested in his partiality to the Soviet plan," were voiced at tht Republican state convention today by Congressman Simon D. Fess of Ohio.

"The Republican party believes that the progress of a nation depends upon the freedom of initiative and the exercise of talent in invention and discovery," the speaker said.

Congressman Fess and other speakers including Governor R. Livingston Beekman, criticized the administration as extravagant and wasteful, told of Republican efforts to reduce expenditures, and urged ratification of the peace treaty with reservations to safeguard American interests.

The state convention and the district convention held at the same time elected an unpledged delegation of 10 members to the national convention without opposition.

D'OLIER BEHIND LEGION MEN

National Comander Vigorously Opposes Attitude of Some Officers Toward Bonus Issue.

New York, April 5. — Wade H. Hayes, state commander of the American legion, tonight made public a letter from Franklin D'Olier, national commander, attacking the position of legion officers who oppose the proposed adjustment compensation plan, in opposition to the wishes to veterans they represent.

"You are absolutely right when you refer to the fact that all officers of the American legion—national, state and post—must, irrespective of their personal opinions, represent the expressed opinions of the membership whom they happen to represent," read the letter.

"I must confess I have not a great deal of patience with the new type of 'conscientious' objectors who feels his responsibility of leadership to such an extent that he is stating what he personally believes his membership ought to do and ought to think, rather than what they really do think and do desire."

POPULARITY OF NEW DICTIONARY GROWS

Lawyer Praises Book—Money Is Well Spent He Declares

Appreciation of the offer of The New Universities Dictionary being made by this paper to its readers is shown in the steady increase in the distribution. The popularity of the book has become more wide-spread, as those who were among the first to secure a copy have told their friends about the dictionary or have shown it to them. Each day the distributing clerks have been beseiged by crowds of coupon-holders.

Many comment on the work in terms of highest praise.

"I never spent ninety-eight cents to better purpose in my life," a well-known lawyer declared. "I have long been wanting just such a dictionary. It is thoroughly up to date, gives a simple, accurate definition of a lot of new words, and the illustrations are both interesting and instructive. Its convenient size and practical style of binding further recommend it."

The New Universities Dictionary was designed to serve as a guide to the correct use of today's English. It is accurate in its definitions and contains the latest and newest words whose general usage warrants their incorporation into a dictionary designed as this one was, primarily for everyday folks who want to speak and write the English language correctly and well.

ALLEGES VICE IS RAMPANT

Pastor of Calvary Baptist Church, New—York, Speaks From "Personal" Experience.

New York, April 4.—After a "personal investigation," during which he visited several of New York's widely known resorts and mingled with the habitues, Rev. John Roach Straton, pastor of Calvary Baptist church, tonight delivered a sermon in which he declared a moral resurrection is needed in New York.

The minister stated that the gilded palaces of Broadway housed vice of the most vicious sort and stated that he had been approached by women of questionable character while in these places conducting his "investigation." He said that he learned that the dancing "instructresses" employed in some of the resorts were women of ill repute who used this as a means of meeting men. Liquor is being sold openly, he asserted.

GAINS ARE RECORDED AT CLOSE OF MARKET

Usual Faverites, Again Leaders, Develop Strength in Final Hour

New York, April 5. — Stocks were decidedly unsettled in the first hour of today's trading as a result of latest incidents in the Franco-German situation, but the market soon strengthened and closed with many substantial gains, especially among selected issues.

Interest in the market itself was most often subordinated to the movement of foreign exchange.

Although last week's statement of the federal reserve and clearing house banks were not especially favorable the money market relaxed visibly. Call loans were freely made at six per cent, after opening at seven, and dealers in time funds negotiated several renewals for short dates at quotations slightly under recent rates.

The usual favorites led the market, developing greater strength in the final hour, with General Motors, Crucible Steel and Studebaker as the outstanding features. Motors made up its cash and stock dividends, closing at 285¾, a gain of 2½; Crucible retained all but a small part of its ten-point rise at 270¼, and Studebaker was confidently taken, gaining almost four points at a fraction under 110.

Other motors and their accessories, also steels, equipments, oils, leathers shippings and sundry specialties ended at variable gains, but rails lagged in their usual fashion, nominal losses ruling at the end.

Investment issues, including internationals, were mostly higher in the bond market, but Liberty issues and speculative rails, reacted within narrow limits. Old U. S. 4's advanced one half per cent on call.

EXPENSES EXCEED REVENUES

Economy Alone Can Avert a Calamitous Crisis Declares Representative Mondell.

Washington, April 5.—Government expenditures have exceeded the revenues "from all sources" by more than $200,000,000 during the first nine months of this fiscal year, and the reduction of $706,000,000 in the floating debt last month is but a "temporary" condition, Representative Mondell, Republican leader, declared today in a statement. Economy alone, he said, could avert a "calamitous crisis."

Immediately upon the "temporary reduction" in the floating debt, Mr. Mondell declared, the treasury was in the market for a further loan and this month must dispose of a further large volume of temporary certificates.

Government financing by small notes, he added, is such as "may bring tremendous increase the very next day, week or month, after an apparent reduction for a comparative period.

Their make-believe engagement went very well until others took it seriously. Then things began to happen!

And when she ran away, and another man and another pretty woman took a hand, the affair got so muddled that—well, they thought they'd better call the parson after all.

One of Vivian Martin's most delightfully appealing pictures. A splendid cast, too. You'll be mighty glad you came.

MIDDLEFIELD LOCALETTES.

Middlefield, April 5. — The Ladies' [illegible] of the Methodist church will serve dinner in the church dining parlors Thursday, from 12 o'clock until all are served. — H. B. Cohn has purchased of John Shaver his residence in this village and will take possession this week. — Our village school closed on Friday for the Easter vacation of one week. Miss Flagg will visit her home in Springfield Center and Miss Harrison will visit friends in Oneonta. — W. H. Wheeler left Thursday for his old home town, Little Rock, Ark. As he has a piece of land in Texas near the oil springs, he will spend a few days there before returning home. — There will be services in the Methodist church next Sunday morning at 10:30. Rev. J. W. Bump will preach. All are welcome. — Miss Marjorie Allen of Scotia is spending the Easter vacation at her home here in town. — Mrs. H. A. Brown has returned home from Cooperstown. — Rev. Mr. Baker of Homes, Dutchess county, preached in the Baptist church Sunday afternoon.—Frank Hand is moving into **Mrs. Lester** Ford's house this week.

FIRE AT UNADILLA.

Quick Action Saves Stearn Brothers' Garage From Destruction.

Unadilla, April 5.—Saturday morning at about ten o'clock, the town was aroused by the ringing of the S. S. North Hose company fire bell. The fire was in the rear end of Stearns Brothers' garage and the quick action of both companies saved the lower end of the town from much damage. In fact, the extent of the damage is estimated not more than $50. The fire started behind a large stove that they were burning wood in and the pipe was found to be rusted through. There was not insurance on the building but all the cars that were inside were saved.

Bicycle Thieves Active.

Friday night, two bicycles were stolen from back porches where they have always been left nights, and Saturday night, two more disappeared in the same way; a fifth one was taken Saturday evening but as the chain broke, the thief returned it to the place where he found it. Evidence points to the fact that the wheels must have been taken by some one out-of-town, as none of them could be disguised so that their owners would not recognize them; two of them were nearly new and different from any others around here.

St. Matthew's Big Congregation.

Despite the stormy weather, St. Matthew's church held its largest congregation Easter Sunday. Owing to the absence of a rector in Sidney, several autos and Kayser trucks came from there with people that wished to take the Holy Communion at Easter.

Local Mention.

Richard Raitt of Union college is visiting his mother, Mrs. T. R. Raitt. —Howard Fluckiger of New York city is visiting his parents, Mr. and Mrs. Albert Fluckiger, at The Unadilla house.—Miss Dorothy Benedict of Albany Business college is visiting her grandmother, Mrs. Anna Benedict.—Miss Catherine Cone returned Friday from Deposit, where she visited Miss Julia Vail.

Unadilla Mourns Two Deaths.

Mrs. Rose Deforest died at her home in Rodgers Hollow Saturday afternoon following a week's confinement with pneumonia. The deceased was 64 years old and the widow of Philip Deforest. She is survived by one daughter, Mrs. E. J. Van[illegible] of Binghamton, and a brother, J. E. Webster of Gilbertsville. The funeral was held this afternoon in the Rodgers Hollow church.

Herbert Earl, the local rural mail [illegible] suddenly at his home on the farm near Rodgers Hollow Sunday [illegible] about 9:30 from heart trouble. He was apparently in good health and did chores about the farm during the day. At night he came in and laid on the couch in the dining room and shortly after fell to the floor dead.

Mr. Earl had lived on the farm many years. He was 63 years old and born in Franklin. For many years he had carried the rural mail on the Rodgers Hollow route. The deceased is survived by a wife and two children, Stanley Earl, who was married about three weeks ago to Miss Ruth Chapman of Wells Bridge, and Lena, who is the wife of Joseph Brown. The funeral will be held at the home of the deceased Wednesday at 1 p. m., standard time.

Baptized in St. Matthew's Church.

Rev. Yale Lyon baptized at the Easter Even services of St. Matthew's Episcopal church Carlton Chester Crandall and Raymond H. Crandall, sons of Mr. and Mrs. Lewis Crandall, formerly of Oneonta. Mrs. Peck was godmother for Carlton.

On Easter day, the infant son of Mr. and Mrs. Glen Whitaker, Glen Elsworth, was baptized by Archdeacon Lyon, Fred J. Joyce acting as godfather.

RURAL MAN FOR CONFERENCE.

Small Town and Rural Church to be Represented by George Lovell.

Schenevus, April 5. — The rural and smaller churches of Wyoming conference, which comprise more than 75 percent of the whole conference, will be well represented at the Layman's session of the annual conference at Scranton, Pa., next Friday in the person of George Lovell of Schenevus, who is a candidate for lay delegate to the general conference, which will be held at Des Moines, Iowa, next May.

Mr. Lovell is the only candidate from the smaller churches of the conference and will surely receive the support of the rural [illegible]ates.

In endorsing Mr. Lovell the Rev. George R. Savige of Sayre, Pa., who is the "rural expert" and officer in the Rural Preachers association of the conference, said: "It is right in my judgment that our rural churches should be represented. Certainly every rural delegate should vote for him."

Mr. Lovell is thoroughly conversant with all the problems of the rural church. He is of the progressive type with a program to meet the social and religious needs of the church.

Oneonta district will also be represented by Mr. Burnside of Sidney and [illegible] of the foremost position which the district holds, both delegates will probably be well supported. The honor of sending two delegates is one which Oneonta district has never had while the other three districts of the conference have had this consideration.

WEST ONEONTA EVENTS.

First Baptist Christian Endeavor Society to Hold Social Wednesday Eve.

West Oneonta, April 5. — The Christian Endeavor society of the First Baptist church will hold an Easter social at the church Wednesday evening. A musical program will be given by the Cheerful and Willing Workers. Beginning at 8 o'clock, supper will be served at 15c per plate.

A Real Remedy For Falling Hair

Here's good news for men and women whose hair is falling out, who are growing bald, and have scalps covered with dandruff that itch like mad.

Geo. S. Slade or any good druggist can now supply you with the genuine Parisian sage (liquid form), which is guaranteed to quickly, surely and safely abolish every sign of dandruff, stop itching scalp and falling hair and promote a new growth, or money refunded.

Thousands can testify to the excellent results from its use: some who feared baldness now glory in their abundant hair, while others who suffered for years with dandruff and itching head got a clean, cool scalp after just a few days' use of this simple home treatment.

No matter whether bothered with falling hair, gray hair, matted, stringy hair, dandruff or itching scalp, try Parisian sage—[illegible]. It's a [illegible] preparation that supplies all [illegible] needs.

The part that fine steels play in a MAXWELL

There is a definite reason for the brilliant performance of a Maxwell car.

Lift the bonnet and you see the simplest of engines. Examine clutch and gears, and you see supreme simplicity.

The definite reason for Maxwell performance and endurance is the fine steels, those steels built to Maxwell's own formulas, that combine quality and rare strength, that defy time and the repairman.

This is the story of the Maxwell, the real cause for brilliant performance and long endurance. These steels do not burden the engine. They make its tasks easier. They flatten out a hill for the engine.

The combination of light weight and great strength—the ideal of Maxwell construction—is thus achieved.

And to obtain that rare combination of strength with quality means costly steels. So you will find that, pound for pound, the steels in a Maxwell equal those in any car built.

That is why the rise of Maxwell has been so marked: why nearly 400,000 have been built; why 100,000 are being constructed this year; why these will fill but 60% of the demand

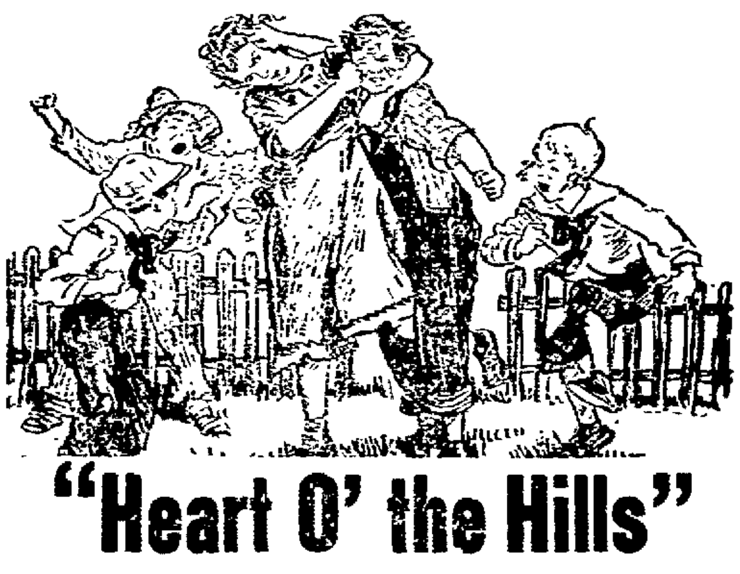
In Her Third Picture from Her Own Studio



"Heart O' the Hills"

Adapted from the famous novel by JOHN FOX, JR.
Directed by SIDNEY A. FRANKLIN
Photographed by CHARLES ROSHER.

"You dare to pull my hair," cries Mary Pickford, as the little mountain girl just starting to school. And Mary shows the boys she can fight with her fists for her rights. It is the inimitable Mary with her laughs and frowns and intrepid daring, in the story of the feudist fights of the old Kentucky mountaineers.

THE WAR TO END WAR.

The day-by-day reports from Europe not merely of revolutions in Germany and slaughters in Red Russia but from the other nations of that most populous of continents, area considered, are not all reassuring. When the great struggle began, it was believed practically by everybody among the Allies that it was to be the last great war, that it was to continue until the Central powers, which had begun the conflict out of mere lust for strife and conquest and world dominance—as in fact they had—were themselves defeated, and peace not only restored but its permanence assured.

The war lasted long enough to achieve that conquest, and doubtless the larger number of those who went abroad and of those who stayed at home and prayed and worked and saved and agonized believed that all the other good things promised were to follow in the trail of that achievement. The sword was to be beaten into plowshares, the arts of war were to be replaced by those of peace. It was in fact something worth working for and worth even the great sacrifice which was made.

Worth working for—but only worth working for if this forerunner of the millennial dawn was in fact to arrive, and of this there is day by day more reason for doubt. It is not alone that Russia is still fighting an internal war, or that Germany is split into factions, it is rather that not one of the European nations among the Allies appears to be proceeding on the idea that now or ever there is to be an end of fighting. Instead they are all strengthening their navies, enlarging their armies, talking about more battle planes, discussing new and doubly diabolical inventions for making war more dreadful, and all in cabinets and secret conclaves working out schemes for their own national aggrandizement.

There is no doubt that what the mass of the people the world over desire is lasting peace. They have seen too much of sorrow and suffering, and too many vacant places at the board, ever to desire another war; but it is much to be feared that there are leaders of governments in Europe who put territorial conquest and national glory above the welfare of the world.

There are none among the thinking people of America, few perhaps among the rank and file of the Allies in Europe, who do not believe that Germany should be put down so effectually that there will never be chance for her to rise again. They do not grudge life or treasure spent or which later may need to be spent to that end. But they do not believe that any of the nations should proceed now to fortify themselves with armies and navies and all secret, new and dreadful arts of war in preparation for other conflicts to come. It betrays too scant a faith in other nations of earth and perhaps too great cupidity on their own part. Big armies and navies are to nations what a chip on his shoulder is to the boy who carries it. They nurture a warlike spirit at home and are the cause of watchfulness and distrust abroad.

SIX NEW ARMY TRUCKS.

Alloted to Otsego County for Highway Work by State Department.

Chairman U. A. Ferguson of the Otsego county board of supervisors, has been informed unofficially, but reliably, it is believed, that this county has been awarded six new big shiny army trucks for use in highway work in the county. These trucks are among a lot secured by the federal government for war work, but which have now been obtained, the federal government having no use for them, by the state highway department for distribution to the counties of the state. It is understood that the adjoining counties are to receive a like number.

While in some other counties the trucks are to be distributed to the towns, it is thought here to be a wiser course to have them under the control of the county highway superintendent and by him apportioned for use as required to the various towns. They will be quite likely given over to the towns having new construction under the proposed county system of highways so that all will have an equal opportunity so far as possible to share in their use.

The trucks are of 2½ and 3 tons capacity and practically all of them are new. It is understood that the county will be to no expense in securing them other than that incurred in driving them from Syracuse or some other central point to Otsego county, which will be trifling compared with their worth.

THE Iowa state college won in the junior pig class with its entries of Duroc Jerseys and took three out of four firsts and the purple on its yearling pen. High killing condition, a bit more uniformity and better carriage due to strong feet and legs, won for Iowa the pen championship.

Reports from county agents and state leaders in pig club work state that at least 85 per cent of the pigs being adopted by the pig clubs are Duroc Jerseys.

The American Duroc Jersey Swine Breeders association, with headquarters at the Union Stock Yards in Chicago, has been doing business since 1883. Their receipts so far this year show at least 40 per cent increase over any previous year, and the membership is increasing about 125 per month.

The best carload of Durocs at the International were only about half the age of the grand champions of the show, so in fact had a much larger percentage of friends and admirers. When it is considered that the Durocs are only 8½ months old and the winners were 35 months old, the Durocs have a great deal of pride in the result.

All of the associations are now advocating that there should be classes for hogs of 250 to 300; 300 to 350, and 350 and over. At present the spread is too wide because the light end of the class can never have the maturity to compete against the heavy end. However, this is the best argument in favor of the Durocs.

ONEONTA AUTO CLUB SEEKS LARGER FUNDS FOR EXTENSIVE WORK PROGRAM.

Will Plan to Keep Open Vicinity State Roads During the Coming Winter—Desire Early Construction of State Road in Otego Valley.

It was decided at the meeting of the Oneonta Auto club, held last evening at the Municipal building, to launch a campaign to secure the larger part of the thousand and more motor car owners in Oneonta and vicinity as members for the current year and to expend the funds made available by an increased membership in efforts to serve the motorists more fully, especially in keeping in the state highways hereabouts open during the winter season, so that motorists can get in and out the entire year and incidentally so that the motor bus lines can be kept in operation the year round.

It was also decided to name an executive committee to act in all matters and with authority to expend available funds for the betterment of highways or in promoting the interests of motor owners. The proposal to take steps to keep the highways open met with the hearty approval of all members present and it is confidently hoped that motorists both in the city and surrounding country will co-operate to the extent of uniting with the club. It is not a conjecture but a matter of fact capable of demonstration that the activities of the various clubs throughout the state united in the State Automobile association have saved each individual motorist much more than the annual dues of members. This fact should inspire every motorist with a desire to become a member and unite in the work which is done for all.

Favor Otego Valley Road.

The following resolution, offered by Bruce E. Phillips and seconded by B. C. Lauren, was heartily endorsed by all and unanimously passed.

"Be it resolved, That the Oneonta Automobile club petition the supervisors of the city of Oneonta to use their influence to bring about the immediate construction of the state highway connecting the Oneonta-Morris road in a northerly direction with the villages of Laurens, Mt. Vision and Hartwick and thence northerly in the direction of Oaksville, connecting with the Plainfield Center, West Exeter and Schuyler Lake roads.

"Be it resolved, That a copy of this resolution be forwarded to each supervisor of the city of Oneonta, the commissioner of highways of the state, and the New York State Automobile association."

Officers Re-elected.

President Butts named as the nominating committee to recommend officers for the coming year Messrs. A. E. Ceperley, F. J. Ives and George W. Rowe. After conferring, the committee reported, nominating the old officers to succeed themselves as follows: President, L. P. Butts; vice president, B. C. Lauren; secretary and treasurer, H. W. Lee. A motion was passed instructing the secretary to cast one ballot for the election of these officers, and they were declared elected.

Reports of Treasurer.

The report of the secretary-treasurer showed that 150 members paid dues during the year, making the total receipts for the year $408.13 and expenditures of $529.19, the larger part of which goes to the maintenance of the state association. There was expended in efforts to keep the state highways open the sum of $141.60.

Firemen Sculley Injures Knee.

Francis L. Sculley of 61 Church street, a fireman on the D. & H., was slightly injured in an accident in the local yards at about 9:30 last night. While working about the engine, Sculley fell, striking his knee against the shaker lever. He was brought to the union station and taken in the ambulance to the Fox Memorial hospital, where it was found that his injuries consisted of contusions on his knee and thigh and were in no sense serious. He will probably be out of the hospital in a day or two.

Will Drive Cars from Detroit.

Charles Hubbard, Charles S. Higgins and Millard Weeks of this city left yesterday by rail for Detroit, from where they will drive to Oneonta, three Scripps-Booth cars. The journey will probably take about a week. DAYLIGHT SAVING DEFERRED

CHAMBER OF COMMERCE POSTPONE ACTION PENDING REPEAL VOTE AT ALBANY.

Directors Favor Enactment of Measure Similar in Character to the "Blue Sky" Laws of Other States—Legislature Requested to Act.

Daylight Saving was discussed at a special meeting of the directors of the Chamber of Commerce, held yesterday afternoon at 5 o'clock, with a good attendance. There seemed to be no difference of opinion that it is a good thing for the city and that the majority of citizens of Oneonta favor it. It was at first suggested that in view of the law not being repealed that the Chamber to go on record in favor of its prompt adoption here in harmony with many other cities about the state. In view of the fact that the legislature is expected to take up again this week the repeal of the law and in view of the confusion and uncertainty that exists, coupled with the apparent hesitency with the railroads and other commercial interests here have acted, it was finally decided that it would be inopportune to act the present week in the matter in this city. It was further urged that the climatic conditions likely to exist during the month of April would not indicate any necessity for action now as few comparatively will be especially desirous to have it effective before May 1.

Favor "Blue Sky" Law.

Attention was again called to the large number of solicitors selling all sorts of stock enterprises, many of which are of very doubtful value, that something effective should be done to protect inexperienced investors from worthless promotion schemes. After a discussion, the following resolutions were unanimously adopted:

Whereas, Communities of the country in general and New York state in particular are being over-run with numberless investment propositions of no apparent merit or financial responsibility and, inasmuch as under the laws of New York state there is no legal method of prosecuting the venders of these securities until their worthlessness is proven, and then conviction is rather difficult, let it be

Resolved, That the Oneonta Chamber of Commerce communicate with the governor, the speaker of the assembly, the president of the senate and legislature representatives from this district, suggesting that means be taken to have the legislature pass a law similar to the so-called "Blue Sky" laws, in operation in the state of Maine and several other states, which prevents the sale of stocks and bonds until thorough investigations regarding their financial status are made by state officials, and let it be further

Resolved, That a copy of the above resolutions be forwarded to the principal commercial organizations of New York state, asking their cooperation in having this suggested legislation become a law.

CHURCHMEN WILL DEBATE.

Resolved That Immigration to the United States Should Be Restricted.

This (Tuesday) evening a debate will be held in the parlors of the First Methodist church between the members of the Men's Bible class and the class of John F. Lyon. The subject of the debate is to be: "Resolved, That immigration into the United States should be further restricted.

All men of the church and congregation are cordially invited to attend. At the close of the debate refreshments will be served and a social hour enjoyed. It is hoped to make the occasion an enjoyable one and some of the best speakers of the two classes will participate.

Concerning Oneonta Trolley Fare.

At the hearing in Albany last week on a proposed increase of fare on the trolley line in this city from 5 to 7 cents, Auditor H. R. Skirving testified that the operation sheets of the company showed gross earnings of $30,403, on the city lines and operating expenses including fixed charges, of $56,525, leaving a loss per annum of $26,422. It is expected that an early decision will be given.

Thin Blue Sky.

Do you know that many of the rich men of America got their start by buying real estate? Do you know of a single piece of property in this city that has not increased enormously in value since you were born? Do you know of any other invistment that has a 100 percent success credit? It is the investment that never fails mankind because, it is you home, just a little bit of heaven on earth, and is intended for the support and comfort of mankind. Everybody knows this and yet thousands keep on buying thin blue sky instead of good dependable real estate. Don't work entirely to accumulate money; do as the wealthy in Oneonta do; buy property with every dollar you have saved. NOTED GOLF INSTRUCTOR

Harry Simpson Now With Oneonta Country Club For Summer.

The Oneonta Country club has retained for the coming year Harry Simpson, one of the best professional golf instructors in the eastern section of the country. He arrived in this city last week and is ready to commence his duties.

Mr. Simpson was born and reared at St. Andrew's Links in Scotland, the most noted in the world. He has been in this country for 25 years and for 15 years was a professional at the Hackensack Golf club, N. J. He has also instructed at the Dicksville Notch golf course in New Hampshire for three years and was head instructor at the Arcola Golf school in New Jersey for about three years. For a number of winters, he has been in charge of a golf course in Nashville, S. C. Mr. Simpson is an excellent teacher and has great success in imparting his knowledge of golf to others.

Many improvements will probably be made in the Oneonta course during this season under his direction and supervision. The past winter has been favorable for grass and the green is in good condition. About a dozen people have already played on the upper course of four holes but the lower course is still too wet and will not be ready for use before two weeks. The formal opening will be held on Memorial Day, May 30.

BOARD OF PUBLIC WORKS.

Numerous Petitions Presented at Meeting Held Last Evening.

At a meeting of the Board of Public Works, held last evening at the City Council rooms, numerous petitions relative to work for the ensuing year were presented. Among them was a petition for paving Myrtle avenue with bituminous macadam, another for a sidewalk on the westerly side of Gardner place, and a third for a curb on Lawn avenue.

In addition to these there were petitions presented for oiling the following streets, the coming summer: Walling avenue, Walnut street, Watkins avenue, Lawn avenue, Grove street, Franklin street, Pine street, Spruce street and Cliff street. All these as well as the three previous petitions were received, but no action was taken. It is understood that other petitions for oiling will be ready at the second April meeting.

The remainder of the session was occupied in discussion of plans for city work in general now in process of completion or which will be required the present season.

Takes Dixie Flyer Agency.

The Oneonta Auto exchange on Broad street has taken the agency for the Dixie flyer, a car of high standing and excellent quality manufactured at Louisville, Ky. The exchange already has a carload of these cars on the way and they will doubtless reach Oneonta in a few days. The cars in the shipment will include the Dixie roadster and the Dixie 5-passenger touring car, the latter selling at $1,625. Attention is called to the advertisement of these cars, which appears in another column.

Knights of Columbus Ball.

O-NE-ON-TA OR ON-E-ON-TA?

South Pasadena, Cal., Has "Oneonta Park" and Wants to Know How to Pronounce It.

Secretary Walker, of the Oneonta Chamber of Commerce, has received an interesting letter from the city clerk of South Pasadena, Cal., regarding the origin and pronunciation of the name, "Oneonta." The letter follows

"Dear Sir:

"May I trouble you to give me a few words on the origin of the name "Oneonta" and particularly its pronunciation? As I understand, it is of Indian origin. Has the first O the long sound? A section of this city is called "Oneonta Park" and there is a difference in the way people pronounce the word, some giving the long and some the short sound to the first letter. Does this condition exist in your city? In other words, do you live in O-ne-on-ta or in On-e-on-ta?"

Willard E. Yager of this city, an authority on Indian matters, states that nobody knows exactly how the name "Oneonta" was given to this city. Oneonta Creek, which flows through Wilber park, was called by the Indians "Onahrenton," meaning "Where the Rocks Appear." The name of our city may very possibly have been derived from this name, a corrupted form.

Dudley Campbell, who wrote and published a history of Oneonta, asserted that the city was named many years ago by Erastus Root, now deceased, a prominent attorney of Delhi, who was also a great scholar. He might have found an old French maps, where it often appears "Ononta," meaning "The Hills," and have applied it to this city with the modern spelling. The form is seen in Onon-ta-ga.

Secretary Walter, in replying to the communication, hastened to congratulate the Californian community on their adoption of the name and assured them that their namesake in the Susquehanna valley was pleased to stand as god-mother to the new residential section of South Pasadena. A descriptive circular containing historical and other data prepared by the chamber of commerce was mailed to the city clerk.

To Be Erected to the Division's Honor at Spartanburg.

Oneonta Twenty-seventh division veterans have received word that the design for a monument to be erected in Spartanburg, S. C., to commemorate the division's record in the war, has been approved. The monument will be erected at the expense of the city where thousands of O'Ryan's men were given their preliminary training.

The memorial depicts two men, one a Northerner and the other a Southerner, hiking along a road in France. Each is equipped with full marching equipment. It is said the design, which is the work of Karl Illava, a former veteran is perfect.

"Wonderful Gift," She Says.

This letter, received from a lady in a neighboring village, is similar to many arriving at The Star office: "I received the dictionary sent me and am very much pleased. I think it is a wonderful gift for very little money. For enclosed remittance, please mail one to the following address:"

This book will please your friends also. Send three coupons and the price and have one sent to your friend.

NEW EDITOR OF CHRONICLE.

B. Franklin Waite, New York Newspaperman, to Conduct Morris Journal.

B. Franklin Waite of New York city called at The Star office last evening to announce that he had purchased the Morris Chronicle and would go to Morris today to take possession. Mr. Waite drove through from New York yesterday in his Chalmers car, leaving the metropolis at 8:40 a. m. and arriving in this city at 6:15 p. m. He reported that the roads were in fairly good condition for this time of the year, the only difficulty he encountered being in the vicinity of Big Indian and Phoenicia, on the Kingston-Oneonta route.

Mr. Waite has been in the newspaper busines for about 45 years, most of the time in New York, where he has been connected with The World, Telegram and now-defunct Herald. He has become weary, however, of the rush and hurry of the big city and has decided to try his hand at running a country newspaper.

E. E. Carpenter, the present proprietor of the Chronicle, which is one of the best-known veteran weekly newspapers in Otsego county, retires from his conduct of The Chronicle with the best wishes of all the newspaper fraternity in this section. He has conducted the paper continuously for about 30 years and during that time has adhered to the true and tried rules of journalism and has "kept the faith" with his community.

Mr. Waite contemplates greatly expanding the scope of The Chronicle and expects to make many improvements. He has already placed his order for a linotype machine and will completely re-equip the Chronicle plant.

Mr. Waite goes to Morris today and his family will probably leave New York next week to be with him.

Attention is called to the advertisement elsewhere in this issue of the auction sale of the household goods of the late Mr. and Mrs. Claude Huntley, which will be held at their late residence, No. 17 East street, on Tuesday afternoon, at 1 o'clock sharp. advt 2t

To Speak in Binghamton.

The University club of Binghamton announces that at the Saturday night meeting of the club on April 10, William H. Johnson of Oneonta will address the members on the subject, "Reminiscences of a Country Lawyer." Mr. Johnson is one of the leading lawyers in the city of Oneonta, and has had a very extensive practice, both in Delaware and Otsego counties.

Invitations will be mailed to every member of the Broome County Bar association and it is anticipated that the address will prove most interesting, not only to the attorneys in the city, but to all university men.

The usual Saturday night lunch will be served and it is expected that the rooms will be filled to their capacity.

MR. RENTER— Here are several reasons why you should own your own home: Because you owe it to your family; because when you are old you have a place to stay; because there is no one to say move; because it makes you thrifty and a better citizen; because there is no place like home; because you can hardly rent and if you do it is for sale and the owner is liable to come around and say I have sold; because it is as easy to own as it is to pay rent. Think this over, then come in and let us show you some good bargains in houses and lots: 8-room house improvements, $3,200.00, cash $300.00; 7-room house, lots, improvements, $5,200.00 cash $700.00; 10-room house, all improvements, oak floors, $5,500.00, cash $1,000.00; 8-room house, 2 extra lots, hen house, $2,-000, cash $200.00; 4-family house, rents for $80.00 month, $7,000.00, cash $700.00; 2-family house, central location, all improvements, $5,000, cash $1,000.00. Many of the houses we are offering you can occupy part and the rent for the rest of the property will pay the cost to you. Come in and talk it over with Campbell Bros.

Desperate Chances to Escape Taken by Prisoners.

Even When Almost Certain Death Is Faced, Convicts Have Been Known to Go On With Their Efforts.

Pepper got his cognomen from his method of highway robbery. Walking along the street in the evening, he carried an unlighted pipe between his teeth. When, in some lonesome spot, he saw a pedestrian stop to light a cigar, Pepper would accost him, asking him to "hold the match." When the fellow traveler obliged, Pepper, instead of lighting his innocent-looking pipe, turned it toward the eyes of his victim, and blew hard. The pipe was of special construction and filled with red pepper. The victim, blinded by this horrible assault, could do nothing to defend himself until relieved of his valuables.

With two terms already behind him, Pepper was sent to Clinton. There he immediately began to plan an escape, and in his plans exhibited great cleverness.

He worked in the clothing-shop of the prison. One piece at a time, working over a period of eight months, Pepper stole a complete civilian outfit from the shop. The ensemble he hid in his pillow.

Banging his way loudly, Pepper made for the warden's office. Without even knocking he stumbled in. The warden happened to be very busy at the moment, but this did not deter Pepper. "I've come to sell you some meat!" he declared confidentially.

"Sergeant!" bawled the warden, "take this d——d pest and throw him out! He's bothering me!" The sergeant came in and removed the obstreperous meat seller, dumping him outside the gates with force and relish. It was not until Pepper was across the 20 intervening miles to Canada that he really allowed himself a good laugh. Pepper stayed out of the clutches of the law until five years later, when he was foolish enough to return to New York.

At the same prison great courage enabled another break-out.

Near the prison laundry stood an empty barrel. Taking the bottom out of this, four prisoners took turns at tunneling.

After two weeks of intermittent work they reached the wall, and excavated a small chamber there for working purposes.

Finally one of the huge slabs was loosened, and worked forward to a point where it was almost about to topple into the excavation.

Here a terrible difficulty became apparent. It would be perfectly simple to release the slab, but the second it came out it would crush beyond recognition the man working in the excavation. The men talked it over gravely and decided that one of the number must be sacrificed that the other three might escape.

They drew straws. By ironic chance G——, the one of the four with more than an ordinary reason for escape, drew the shortest straw. His was the assignment. One of the others, proclaiming himself unattached, offered to take his place, but G—— refused. In the few seconds after his election he had formulated a scheme that might give him something of a chance to escape the slab when it fell.

He took down a short piece of plank. This was insufficient to stop the rush of the big stone, but he thought that, in breaking, the wood probably would delay the fall long enough to permit him to squirm out of the way. Propping it in place, he grimly worked the slab until it gave way.

It struck the plank, breaking it. Jumping back, G—— endeavored to get out of the way. He succeeded—except for his right hand. This was mashed until it was scarcely recognizable as a member. Gritting his teeth, he made no outcry, however, but turned to the work that yet remained.—E. T. Bronedon, in Popular Mechanics Magazine.

Guild Long in Service.

An ancient Irish guild, the Goldsmith's corporation, gave a dinner recently for the first time since before the war, at the Gresham hotel, Dublin. The charter was granted by Charles I in 1637, was originally established for the purpose of hall-marking all articles of gold and silver wares that were brought to their offices for marking. It has zealously discharged its duties for over 280 years and is still vigilant as ever in detecting and punishing fraudulent hall-markers. The original charter and seal, a copy of its roll of members, with the wardens' and members' oath, were exhibited, and on the table were specimens of antique silver bowls, potato rings and other articles.

He Comes No More.

My friend came to see me on Saturday evening as usual, in a beautiful new suit. We went to the theater and when we arrived at my home decided to spend the remainder of the evening on the front porch. The porch had just been painted a few days before, but, supposing it to be dry, I thought nothing of it until he, thinking it time to leave, exclaimed. "O, I'm stuck!" He just happened to sit on a part of the porch that had not completely dried. To my embarrassment, he ruined his new suit, and what was worse, never paid me another visit.—Chicago Tribune.

First Motion Picture.

"Miss Jerry," the first motion picture, was produced in October, 1894. Alexander Black was the author, scenario writer, director, camera man and title writer of the picture. At that time only five stereopticon slides a second could be shown, but 16 pictures are now flashed on the screen per second.

Slave Traffic Still Exists.

Slave traffic along the Arab coast is illegal under the terms of certain conventions, but slavery, nevertheless, is said still to exist to a rather considerable extent. A few years ago members of the American Arabian mission at Bahrein rescued a whole boatload of black boys who had been smuggled up from Africa for sale along the Oman coast. In the interior towns slaves are used mostly as personal servants, bodyguards and hostlers. By an old law in Arabia, a slave is freed after seven years of service, provided he has embraced the Moslem religion, and it is said that most of the slaves do so. There is no prejudice against marriage with blacks in Arabia, especially after they are freed. This intermarriage has scattered a black population all over Arabia. In ports like Muskat and Aden mulattoes and mixed breeds are so common that the pure Arab strain is almost a rarity.

As to Alimony.

"Is there any way a man can avoid paying alimony?" asked the friend who was seeking free advice.

"Sure," replied the lawyer. "He can stay single or stay married."

NON-RESIDENT INCOME TAX.

Comptroller Travis States Present and Prospective Features of Law.

"Correspondence recently received at the State Income Tax bureau," said State Comptroller Travis Monday, "discloses the existence of considerable confusion regarding the status of non-residents under this law. Since the decision of the United States supreme court in the case of Yale & Towne Manufacturing company was adverse to the state, there is now no provision of law taxing non-residents on incomes from New York state sources.

"Early in February," continued the Comptroller, "there was granted a general extension to non-residents to file their returns either 30 days after this decision or 30 days after the present session of the New York legislature adjourned. This extended period is still running because the legislature has not yet adjourned."

Explaining the situation further, Mr Travis said: "Non-residents should be aware of the present measure before the New York legislature taxing them upon their incomes for 1919 from property owned and from business or profession carried on in New York. This legislation accords non-residents the same exemptions as that now granted to residents, and gives them until June 30 to file their returns."

SAVES MUCH HARD WORK

It is a well known fact that water will not run uphill and the owner of this North Carolina home found that toting up a steep slope of several hundred feet with buckets of water several times a day was a back breaking job. So he turned an inventive mind to work and stretched a cable from the spring to a windlass built against a tree near his home. A pulley arrangement permits the bucket to travel down the cable to the spring, where it fills itself and then is drawn uphill to the house by the windlass.

INDIGESTION? LET GOLDINE NO. 1 HELP YOU GET RID OF IT

Indigestion is disagreeable and dangerous. Disagreeable because of the pain and aches which accompany it; because you cannot eat the things you want to eat and should eat. Dangerous because it puts your stomach in a weakened condition, a condition which enables germs of all diseases to get a hold on you; dangerous because it causes a large quantity of gas which often travels to the vicinity of your heart and might, if not restricted, stop the heart action through pressure and cause your death without warning.

Therefore, it seems that indigestion while apparently a slight ailment, may cause dangerous and fatal results, and is something which should be fought off at once. And the simplest, easiest, surest way of fighting it off is to treat yourself with Goldine No. 1 the herb remedy.

Mr. Gustav Frey of 19 Spruce street, Kane, Pa., suffered two years with indigestion. Now he says, "I bought one box of Goldine No. 1 tablets and can truthfully say I have been benefitted by them. My food digests better, my headaches are not so severe and the gas and bloating is gone."

If Goldine will do that for Mr. Frey, it will do it for you, too. Don't risk your health any longer. You can get Goldine in your city. It's sold at Slade's Drug store.

MADE GREAT AIRMAN WONDER

French Expert's Peculiar Explanation Concerning Daring Exploit of American Aviators.

Albert Wolff, the famous French musical composer, won fame in the field of aviation during the world war. He had an experience with American dash and fearlessness that is well told in the New York Times.

"At Blancinesnil," says Wolff, "we were in close communication with the American commander. 'I'll send 24 American pilots over to get 'em.' I went to my superior officer. 'It can't be done!' I said. 'These planes are all Salmsons, a new machine, and quite different. They will all be smashed and the men killed!' It was too late to call a halt, however. The Americans came. I explained as well as I could the differences between the Salmsons and the planes they were accustomed to, and away they went. All got away without mishap, and I said: 'The good God is with them.' But when word was telephoned back that they had all landed without a crash or a single accident to themselves or the planes, then I said: 'They must have the devil on their side into the bargain.' I really must see one of your football games!"

British Town Bans Jazz Dancing

Leyton, England.—The municipal government has placed a ban on the one-step and the jazz in dances in the city hall. The city fathers consider that these dances are not in good form and incite to immorality.

Gifts to Children

Teach them to make their own Jiffy-Jell desserts and serve in dainty ways. See offers below

Made with Style—E Mold

To Every Child

Serve this week a real-fruit dessert

Jiffy-Jell, above all else, is the dessert for children.

They revel in it. Five times the cost can serve them nothing half-way so appealing.

It means real fruit—a wealth of it: the fruit that children need. Accept these offers this week—let them know Jiffy-Jell.

Crushed fruit in it

Jiffy-Jell is the new-style quick gelatine dessert which millions have adopted.

The fruit is not a mere flavor. Each package contains a bottle of liquid fruit-juice essence.

We crush the fruit, condense the juice and seal it. It makes Jiffy-Jell a real-fruit dainty, rich in fruit.

We crush half a pineapple in Hawaii—fruit too ripe to ship—to make the flavor for one Jiffy-Jell dessert. So with all fruits—the fruit essence is abundant.

Less than apples cost

Yet Jiffy-Jell, with its rich, rare fruits, costs less than apples cost.

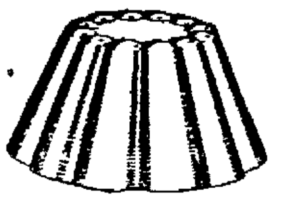
It comes ready-sweetened. It comes acidulated with lemon or grape acid. The fruit essence comes in a vial. Simply add water and a package will serve six in mold form, or twelve if you whip the jell.

No other fruit-made dainty costs so little or is so inviting.

Try pineapple flavor and loganberry. Try lime-fruit flavor for a tart, green salad jell. Try mint for a mint jell to serve with meats.

Let the girl make it—teach her housekeeping. Then use the trade-marks to get molds, cups, spoons, etc. Teach them dainty ways of serving.

Buy enough Jiffy-Jell to get the molds you want. Then watch how the children enjoy it. See how it changes your dinners. Don't let your children longer miss what millions of children get.



Individual dessert molds
